NOTHING GETS YOU CLOSER

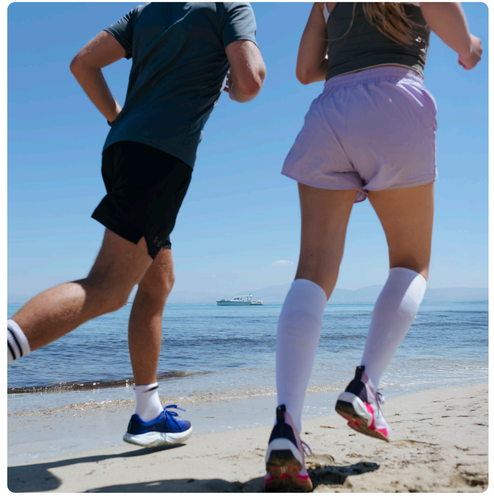

AXOPAR

LIVE YOUR ADVENTURE TOGETHER WITH US

Boating is all about freedom and the joy of discovery. We, at Axopar, want to inspire you to explore and open new perspectives. Nothing inspires us more, than seeing our boats on the water, creating excitement and life-long memories amonst our community of Axoparians. We want to make boating accessible for anyone, anywhere in the world in a more sustainable way.

Our passion for the outdoors empowers you to discover places you never knew existed, to experience nature at its purest and to break new ground. It is all about where our boats can take you on your explorations, and for you to experience more on your journeys. Are you ready for new adventures?

Whether it be rediscoveing your local surroundings, venturing beyond your regular moorings in search of hidden beaches, secluded trails and exciting diving spots, or simply relaxing with family and friends in the afternoon sun. **Nothing gets you closer.**

DEVELOPED FOR ADVENTURE, BY ADVENTURERS.

The Axopar ranges are the result of our extensive experience and passion for boating. Designed and developed by true boating enthusiasts for those searching to open new perspectives.

ELECTRIFY YOUR ADVENTURE WITH AX/E

The AX/E range takes electric boating to exhilarating new heights, delivering unmatched performance and elevating the extraordinary to the exceptional.

AX/E offers more than just a commitment to sustainability; it provides boaters with a deeper connection to the water. The whisper-quiet operation, instant torque, and seamless power delivered by its electric motors offer a new way to experience boating — one that is silent, powerful, efficient, and environmentally conscious. Fast charging technology and real-time monitoring systems ensure that AX/E models are as reliable as they are innovative and stay on the cutting edge of innovation, with over-the-air updates continually enhancing performance with every journey.

100% ELECTRIC

Axopar is raising the bar for electric boating by introducing the first fully electric, series-production adventure boats — the AX/E 22 and AX/E 25.

These exclusive models bring together the renowned modularity, performance, and drivability of Axopar with cutting-edge electric propulsion, delivering emission-free boating without compromise. AX/E takes electric boating beyond sheltered waters, making seaworthy, high-performance electric boats a reality in an elegant way.

As the global leader in adventure boating, we have built a legacy over the past decade that has redefined how people explore the water. This year, Axopar is celebrating ten years of innovation with the launch of AX/E, its groundbreaking new electric sub-brand.

Through Axopar's long-term partnership with EVOY, one of the world's leading companies in high-output electric propulsion systems, the AX/E models represent a unique collaboration that brings together the absolute best in marine innovation. EVOY'S advanced electric power solutions seamlessly complement Axopar's award-winning designs, creating a boating experience that pushes the boundaries of what's possible — offering unparalleled torque, whisper-quiet operation, and zero emissions.

The launch of AX/E is a direct continuation of Axopar's commitment to pushing boundaries in both innovation and sustainability. The new sub-brand marks a significant milestone in electric boating, offering the opportunity to explore the waters with zero emissions while delivering the seamless performance, reliability, and seaworthiness synonymous with Axopar.

AX/E 22
SPYDER / T-TOP

Designed for coastal cruising and day trips, this model offers 36 knots of exhilarating speed and a range of +50 nautical miles at slow speeds. Powered by the Evoy Breeze motor, the AX/E 22 offers an unmatched balance of style and sustainability with its sleek Mediterranean-inspired design and premium eco-friendly materials.

The AX/E 22 is more than just a boat—it's a canvas for your adventures and lifestyle. Available in both Spyder and T-Top designs, this model adapts seamlessly to your needs. Its modular interior offers the flexibility to choose between a multi-storage compartment or a U-Sofa layout, allowing you to tailor the space for ultimate comfort or practicality. The Mediterrana Edition enhances this versatility with luxurious touches like solid wood finishes and premium upholstery, blending warmth and elegance. By using up to 50% less material and integrating recycled marine plastics, the AX/E 22 combines sophisticated design with a commitment to sustainability.

AX/E 25
CROSS BOW / CROSS TOP

GUSTAVE TROUVÉ AWARD 2023 – 1ST PLACE

Built for extended adventures and open-sea exploration, the AX/E 25 can reach speeds of 50 knots with a range of 60 nautical miles at slow speeds. Featuring advanced technology like the E-Brain™ Management System, and powered by the Evoy Storm motor, it sets a new standard for luxury and performance in electric boating.

The AX/E 25, recognized with the 2023 Gussies Award in the "Production Electric Boats: Up to 8m / 26ft" category, stands out for its unique ability to maintain a comfortable, dry ride in challenging conditions, even at speeds between 20-25 knots. AX/E 25 is an all-weather electrical motorboat capable of doing 25 nm with speed of 25 knots.

AXOPAR 22 RANGE TRIPLE AWARD WINNER

The Axopar 22 range redefines functionality with class-leading handling, performance, and thrilling driving dynamics. It achieved a rare hat-trick in the boating world by winning three of Europe's most prestigios awards: Best of Boats International 2021, European Powerboat of the Year 2022, and the Motor Boat Awards 2022.

Judged by seasoned journalists and editors from over 28 leading magazines, these honors reflect rigorous sea trials assessing craftsmanship, safety, design, handling, value, and real-world usability — confirming the Axopar 22 as a true standout in its class.

AXOPAR 22
SPYDER AND T-TOP

Axopar's winning formula — all fused into a 22-footer. The Axopar 22 captures the spirit of its larger siblings with thrilling performance, unmatched handling, and bold design, all in a compact, agile package.

A true driver's boat, it delivers first-in-class seaworthiness, safety, and efficiency, making it a smart and stylish choice that turns heads wherever it goes. With an impressive hat-trick of major European boating awards under its belt, the Axopar 22 proves that innovation, quality, and excitement can come without a high price tag.

Designed to thrive comfortably in changing conditions, it remains predictable and logical in its behavior, no matter what weather conditions are thrown at it. The twin-step, low center of gravity hull with deep-vee configuration assures good directional stability and fantastic grip during cornering.

Whether for commuting, weekend adventures, or just fun on the water, this boat brings together comfort, control, and peace of mind in one sleek, modern package. It's everything you expect from Axopar in a compact, bunchy form.

Popular options in the aft deck are the versatile multistorage compartment or U-sofa layout, with a table that provides space for al fresco dining and comfortably seats up to 6 adults.

Or then simply drop the optional sun bed cushions into place to create a wide sun pad that serves as a spacious, comfortable area to bask in the warm sun with a cold beverage.

Introducing elegance and sociability on the Axopar 22 with the Mediterrana Edition, reinforcing the art of relaxing and socilizing on the water.

The optional Mediterrana Edition takes the joy of sun-soaked lounging to new heights, fully embracing the essence of Mediterranean living without compromising their well-renowned seakeeping and drivability.

With the Mediterrana package you can enhance comfort and appearance, whilst utilizing the layout of the boats to the maximum, adding a new dimension of usability for day cruising endeavors.

INTRODUCING THE AXOPAR 25 RANGE

It's time for a shakeup and the Axopar 25 provides just that – an innovative and compelling solution, but strictly adhering to Axopar's proven award-winning legacy and DNA.

For anyone looking for something more than just a straightforward day boat. The Axopar 25 range is our entry into the thriving world of cuddy cruisers, and another leap forward in terms of value for money; now offering more space, more overall comfort and more all-round capability.

AXOPAR 25 CROSS BOW AND CROSS TOP

When you are looking for a dynamic, adventure-ready cuddy cruiser that opens up new perspectives with the elements of nature all around, the Axopar 25 Cross Top and Cross Bow provides you with undiluted fun and gripping speed.

Built to get every inch of adventure out of your time at sea, the sporty Axopar 25 range is guaranteed to please those who are looking for a fun playmate with fantastic drivability to maximize their days on the water. Turn the ignition key and speed from one idyllic island to another feeling those open-air thrills, or the adrenaline pumping on the wakeboard. If the afternoon slips into evening, you can extend the adventure overnight in the boat's cozy front cabin.

The cushioned sundeck atop the sleeping cabin invites to hangout and socialize with friends or lay back and enjoy the surroundings with chilled refreshments by your side.

The ultra-cool looking Axopar 25 has a raised 'cuddy cabin' sleeping accommodation, where the cabin defines the character of the boat. A full width cushioned sundeck is positioned atop the cabin roof, with a sloping backrest that follows the rake of the front screen.

The wide helm console and front screen offer a helm seating area with more space and room for a step through entrance to the front cabin, in a style used by other larger Axopar models.

Introducing elegance and sociability on the Axopar 25 with the Mediterrana Edition, reinforcing the art of relaxing and socilizing on the water.

The Mediterrana Edition upholstery consists of exclusive and subtle yet stylish detailing with accentuated patterns and a structured feel of marine fabrics. The fabric keeps the interior and lounging areas at comfortable temperatures, even on the warmest summer days.

A good spread of deck seating modules and storage options enable customers to configure the boat precisely according to their needs. The optional multistorage compartment offers plenty of space to store watersports gear but it also serves as a great hang-out area on the boat.

INTRODUCING THE AXOPAR 29 RANGE

The Axopar 29 range reflects years of continuous evolution, shaped by the experiences of owners and the insights of our customers. Every detail on board has been carefully refined to enhance functionality, comfort, and usability, making the boating experience even more rewarding.

Today, the Axopar 29 stands as one of the most versatile boats in its class, combining exceptional value for money with the distinctive qualities that have helped define the adventure boat genre. Despite increasing competition in the sub-30-foot segment, it continues to set a high standard for capability, innovation, and everyday enjoyment.

AXOPAR 29
XC CROSS CABIN

Capturing the spirit of adventure. This range of boats represents the culmination of living our adventure and listening closely to our customers.

Everything on board, all you can see, touch and feel, has been carefully refined and enhanced through continuous development and close collaboration with our customers. At the same time, the Axopar 29 XC Cross Cabin remains true to its roots, honouring the legacy of its predecessor, the highly regarded Axopar 28.

Combining next-level multifunctionality with exceptional value for money, the Axopar 29 XC Cross Cabin continues to push the boundaries of the adventure boat genre, offering a versatile and rewarding boating experience for a wide range of activities and conditions.

The proven hull design and all functions onboard: greater visibility, impressive range and fuel economy, masterful handling and drivability, stiffer construction which translate to more silent drive and further strengthen the overall on water experience.

The boats are functional and have an optimized layout. The walkaround deck offers high bulwarks for safer & faster movement from aft to bow.

Enjoy easy access to the Aft Cabin through the back of the spacious pilothouse or through the large roof hatch from the aft deck. The practical Aft Cabin also doubles as a large Multistorage space for transporting gear and equipment, or as an additional sleeping space for two.

The pilothouse is spacious with an incredible 360 view thanks to the panoramic rear window, giving the passengers an unparalleled experience of the surrounding nature.

The innovative Multi-cabin in the front can be equipped with a head, sink, and additional cushioning, making for a perfect space for extended stays out on the water.

Elegance and sociability with the Mediterrana Edition.

Designed for those who enjoy lounging, socializing, or cruising in the sun, the Mediterrana Edition enhances onboard comfort and sophistication without compromising functionality. Luxurious features include thicker, plush, more refined cushions in a sophisticated tone. Choose between the Seine PE Taupe, Natural or Antracite. The upholstery's structured texture and patterns not only exude style but also keep lounging areas cool and comfortable, even on the sunniest days.

Elegant bamboo trays and cup holders, and warm-toned interior finishes create an inviting, cozy atmosphere. Fabric wall panels and bamboo technical panels further enhance the sophisticated look and feel of the lounging areas.

AXOPAR 29 SUN TOP

Developed to push the adventure-boat genre forward, the Axopar 29 Sun Top was created to meet the real needs of modern boaters seeking smarter usability, higher comfort and purposeful improvements in every detail.

You can see the Axopar 29 is clearly made with the renowned Axopar DNA; however, looking closer, the new, bolder and more adventurous design language and attitude, combined with a wave of new and innovative ideas and fresh solutions, gradually unfolds.

The optional U-sofa configuration creates a comfortable seating arrangement around the cockpit. The large aft backrest has four different positions that can easily be changed to truly utilize the seating or lounging to the maximum. The hi-lo table also turns into a large sun bed.

The innovative Multi-cabin in the front can be equipped with a head, sink, and additional cushioning, making for a perfect space for extended stays out on the water.

AXOPAR 29 CCX CENTER CONSOLE

Born from an ambitious vision and a curious mind, the Axopar 29 CCX marks our first venture into the market of center console-styled boats, expanding our global adventure boat range. This model is a true crossover, seamlessly blending utility, comfort, and versatility.

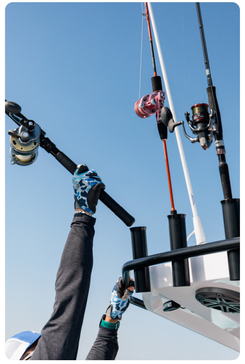

Center console boats have traditionally been made solely with fishing activities in mind. The Axopar 29 CCX breaks that tradition. This is our take on how a center console boat can be further enriched by offering the flexibility to handle both fishing trips and social gatherings with its versatile deck layout while maintaining the same modularity and customer-centric solutions that our sports-weekender range is known for.

There has never been a center console boat as versatile and adaptable to such a wide range of uses as the Axopar 29 CCX. It is designed to cater to many on-water activities, making it highly multifunctional and user-friendly.

The Axopar 29 CCX now caters to a wide range of boating enthusiasts, from seasoned adventurers to first-time boaters, with complete freedom to choose between going 'full-on' fishing or selecting between several of the most sociable layouts out there.

While delivering an unmatched driving experience, Axopar boats are known for their superior handling and performance, ensuring every ride is smooth, exhilarating and enjoyable, whether you are on calm inland waters or navigating open seas.

Style-conscious customers who aspire to have their Axopars stand out from the crowd even more, can further differentiate and characterize the looks and feel of their boat with BRABUS Line options, adding value with discreet interior & exterior trim & styling enhancements.

A more athletic appearance with the raised bulwarks enhances offshore capability and safety while moving around the deck, especially during intense fishing sessions. The integrated handrails help prevent fishing lines from snagging and optional the optional side bolsters itegrated into the bulwarks provide additional comfort during offshore fishing.

THE ICONIC AXOPAR 37 RANGE

The Axopar 37 is an iconic range of Adventure Boats. Since its launch, this range has gained widespread recognition for its exceptional performance and versatility, resulting in over 3,000 units sold worldwide. Its broad appeal spans beginners, seasoned experts, and professional and recreational boaters, solidifying its status as an industry icon.

Renowned for its instantly recognisable design, versatility, and exhilarating performance, the boat's ability to outshine competitors in its size on one of the world's most challenging boating landscapes validates its status as an iconic model. This sales success is a testament to the dedication of our dealers and the loyalty of our very diverse client base.

AXOPAR 37
XC CROSS CABIN

The all-weather performer and ultimate crossover between open and enclosed boating challenges convention in both looks and onboard functionality.

The Axopar 37 XC Cross Cabin is the Gran Turismo of the seas, opening a world of possibilities for safe, extended voyages in comfort even in unpredictable weather, and is therefore the perfect platform for every adventure at sea. This model combines the functionality, ease of movement, social outdoor and indoor spaces and versatility of outboard walkaround center consoles with a spacious, fully enclosed weather proofed cabin, that with distinctive looks challenges traditional perceptions of cabin boats.

Forget the old prejudice that a cabin boat is all just about spending time inside its cabin, the Axopar 37 XC raises the outer spaces to equal importance and functionality, as sociable and practical as it is comfortable inside.

Never before has an all-weather boat looked this striking, instantly turning heads wherever you go with its captivating modern looks, challenging the perception of traditionally enclosed cabin boats.

Stay in close touch with the great outdoors and swing open the sliding cabin doors to take it all in or head out to explore further shores with the adventure gear you bring along.

Every foot on board is used for socializing and practical living, infused with a myriad range of new onboard solutions and functions. The optional U-sofa on the aft deck can be used as a dining space and converted into a sunbed. With storage underneath, of course.

Mercury's SmartCraft Connect® on-board management system has more information and data on boat and engine functions than any other system in the boating industry. The LCD screen is the information portal to your boat, allowing you to display engine information, genset, sounder, and much more. Additionally, with the Axopar Connect app, you can start your smart boating adventure with ease. If your boat is equipped with the Connectivity Hub, you can monitor engine performance, battery levels, fuel, water tanks, bilge pumps, deck lights, and even track your boat's location in real time — plus receive safety alerts like geofencing notifications.

Elevate your onboard experience with the optional Mediterrana Edition for more elegant looks and comfort

Make life your adventure with this stunning and unconventional all-weather performer that smoothly combines functionality, ease of movement and great social areas. Sit back, relax and fully take in the scenery and beauty of a sunny day from the comfortable and wide sunbed area on the foredeck of the Axopar 37 XC Cross Cabin.

AXOPAR 37 SUN TOP

A game changer – The Axopar 37 Sun Top and Spyder with their multi-purpose characteristics are a perfect all-arounder that combines perfect protection and open space.

Enjoying a great day in the sun with family, savouring 'al-fresco' dining, having a party with friends or for those who love the feeling of running an open boat but still being protected from the weather.

The versatile Axopar 37 with its distinctive and instantly recognisable looks is the perfect partner for all adventures at sea. It provides responsive, thrilling and sporty handling that will safely take you anywhere in supreme comfort and style. Featuring intuitive solutions, enhanced driving dynamics, flexible accommodation together with a whole new space experience.

The versatile Axopar 37, with its distinctive and instantly recognizable looks, is the perfect partner for any adventure at sea. Delivering responsive, thrilling, and sporty handling, it offers supreme comfort and style wherever you go. With new intuitive solutions that bring the driving experience closer to the ease of a car, the redefined ergonomics create a practical and functional layout with excellent all-round visibility. A clean, uncluttered, and driver-focused helm ensures the skipper remains in full control at all times.

From a pleasant day-cruiser to a cool sports-weekender, you can transform your leisure boating options in an instant to comfortably extend your overnight accommodation by specifying the optional aft-cabin that sleeps two additional people.

Gullwing doors redefine how an enclosed front cabin can be best utilised to provide a more sociable feeling and encourage full interaction with one's surroundings, making the front cabin feel like it is part of the outdoors.

Bring full Mediterranean chic to the Axopar 37 Sun Top with the optional Mediterrana Edition

Inspired by a laid-back spirit and a love for lounging at sea, this edition enhances the Axopar 37's perfect layout with elegant detailing and greater onboard comfort.

Relax into exclusive upholstery with refined patterns, structured marine fabrics, and contrast-colored accents, while enjoying versatile sunbeds, spacious seating with smart storage solutions, and adjustable tables that elevate both style and functionality for every moment on the water.

THE NEXT LEGEND AXOPAR 38

YACHT Style AWARDS 2026
WINNER

The Axopar 38 marks a new era for Axopar, created to set new standards in adventure boating. Shaped by a decade of experience, genuine customer insight, and an uncompromising drive to innovate, the Axopar 38 is built to make boating easier, safer, and more enjoyable for seasoned boaters and beginners alike.

The Axopar 38 carries forward the instantly recognizable silhouette that defines Axopar. Every line, angle, and structure has a clear purpose. The result is confident performance and intuitive handling.

The Axopar 38 XC Cross Cabin, followed by the Sun Top and the Cross Top, is the most ambitious product range in the company's history, pushing comfort, drivability, and livability further than ever.

AXOPAR 38 XC CROSS CABIN

The Axopar 38 XC Cross Cabin sets a new standard for all-weather boating. It seamlessly shifts from a fully enclosed, protective cabin to an open, social space in seconds, without breaking the connection to the surroundings. Every detail serves a purpose, from the refined hull to the flexible layout, delivering confident handling, efficiency, and comfort in changing conditions. Built without compromise, it adapts to how you use your time on the water, making every journey feel effortless and every moment more accessible. Designed to handle shifting weather and colder seasons with confidence, the boat provides a dependable platform whenever conditions change.

Protected spaces and efficient hull performance ensure you can explore earlier in spring, stay out later in autumn, and enjoy more days on the water overall. This approach reflects Axopar's philosophy of building boats for real environments and real boaters who want capability that lasts throughout the entire year.

AXOPAR 38 SUN TOP

Designed around togetherness, the Axopar 38 Sun Top introduces a new way to enjoy time on the water. Its open layout encourages conversation and shared experiences, creating a seamless social environment where everyone remains connected. Whether cruising, relaxing, or entertaining, the boat brings people together while remaining precise, stable, and easy to handle. The Axopar 38 Sun Top is designed as a flexible platform from bow to stern.

Every area of the boat is developed with flexibility in mind, allowing it to adapt to different activities, preferences, and ways of spending time on the water. From the social bow layout to the configurable cockpit and versatile aft deck, each space functions independently while contributing to a cohesive onboard experience. The boat shifts naturally from active adventures to relaxed moments without disruption.

At the heart of the concept is the distinctive Sun Top roof, designed to provide protection without closing off the experience. The sliding canvas roof opens the helm and cockpit to the sky, filling the space with light, fresh air, and a true sense of freedom. When conditions change, shade and shelter are already in place. Optional roll-down canopies provide additional protection while maintaining visibility and the feeling of openness.

The Axopar 38 Sun Top carries a strong and distinctive design identity, shaped by purpose rather than decoration. Every line reflects its functionality, giving the boat a confident and composed presence on the water. Its clear, functional design reinforces its position within the adventure boat category. It looks ready to perform because it is, communicating strength, versatility, and capability from every angle.

AXOPAR 38 CROSS TOP

Positioned between the open-air Sun Top and the fully enclosed Cross Cabin, the Axopar 38 Cross Top combines the freedom and social atmosphere of an open boat with the comfort and protection benefits traditionally associated with a cabin boat. Its unique layout pairs a protected helm with an open cockpit and aft deck, allowing boaters to stay closely connected to the sea while enjoying greater comfort during longer journeys and in changing weather conditions. A defining characteristic of the Cross Top is its distinctive forward-tilting wraparound windshield. More than a design feature, it fundamentally changes the onboard experience by creating a protected driving environment while maintaining exceptional visibility and a close connection to the surroundings that many boaters value. Like the Sun Top, the Cross Top keeps the helm, cockpit and aft deck visually connected, creating an inviting environment for spending time with family and friends whether underway or at anchor. Optional roll-down canopies further increase versatility, allowing owners to adapt to changing conditions while maintaining a bright and open atmosphere.

Whether cruising between islands, embarking on longer coastal adventures or simply deciding to stay out for a few more hours, the Cross Top is designed to make every journey more comfortable and enjoyable. By adding protection where it matters most while preserving the freedom that makes time on the water so rewarding, it encourages owners to stay out longer and extend their boating season.

- Battery / electrical compartment under aft deck storage.
- Manual bilge pump for aft section.
- Integrated swim platforms and telescopic bathing ladder.
- Grab rail under aft window.
- Flagpole.

INTRODUCING THE AXOPAR 45 RANGE

The innovative Axopar 45 is not your typical recreational boat. With a completely new multifunctional and modular concept for a boat in this size, the 45 is one of the most versatile boats on the market, setting a new genre for fast commuting – in abundant comfort and style.

The Axopar 45 range is the world's first outboard-powered fully enclosable walk-around cabin boat in its size. At Axopar, we are committed to creating the most fuel-efficient boats on the market, and the 45 range, with its ultra-efficient hull and triple outboard engines, is a case in point. With triple engines at the back, the 45 is more fuel-efficient at cruising speed than many of our competitor's smaller boat models.

AXOPAR 45
XC CROSS CABIN

The Axopar 45 XC Cross Cabin introduces a completely new approach to boating in its size category. As the world's first outboard-powered walk-around cabin boat of this scale that can be fully enclosed, it delivers unmatched versatility for all-weather cruising.

Designed to balance comfort and sociability, the 45 XC offers a wide range of thoughtfully crafted features. From sheltered journeys in challenging conditions to relaxed gatherings under the sun, it adapts effortlessly, making it a standout choice for any occasion on the water. With just a simple touch, you can seamlessly transition from an enclosed cabin boat to an open boat experience. In an instant, you can swiftly close the big dual sliding doors and the dual electric roofs to be completely protected from the elements.

For those sunny days at sea, slide the doors and the roof wide open to let a warm breeze pass through the cabin and easily extend your space even further by opening the balcony doors. For added comfort, adjust the table position and the movable wetbar to arrange the most comfortable seating around the table. Invite your guests over get ready and enjoy a great day at sea with tasty food and cold beverages.

With the Axopar 45, you can choose the power setup that best matches your style of boating:

- Twin Mercury Verado V10 425 hp engines delivering 850 hp and reaching top speed of 45 knots while cruising effortlessly in the range of 25 – 35 knots.
- Triple Mercury Verado V8 300 hp engines delivering 900 hp and an economical cruising range of 19 – 36 knots.
- Brabus Performance Line with Triple Mercury V10 350 hp engines delivering 1 050 hp – and unlocking more acceleration and top speed performance.

No matter the configuration, the Axopar 45 stands out as one of the most efficient and versatile 45-footers on the water.

Driven by a usability and safety perspective, we introduced a new innovative solution for the 45 range, our raised balcony doors. Located amid-ships where all the social activity is centered on the boat, they are extending usable seating space without sacrificing safety or comfort onboard.

The modern day icons are standard on the 45-range. Forget about cramped front cabins with little light and transform your already airy front cabin by opening up the gullwing doors, letting the sun and air into the front cabin, erasing the border between indoor and outdoor living.

With the aft cabin option, you wake up to postcard-worthy views through a wide panoramic window. The space also offers practical comforts, including a wardrobe and the choice of a second toilet. For an even more refined experience, you can add a Gyro stabilizer to minimize rolling and enhance stability, while an optional zero-emission power bank allows you to enjoy extended use of electronics without compromise.

Fuelled by a passion for innovation, we have introduced technical features to enhance the aft deck's usability. The optional integrated starboard fender box's wetbar and grill, run by shore power or an optional power bank, will make any meal onboard an instant hit and the 40 l fridge ensures cold drinks and snacks are an arm's reach away. A sink with a faucet and storage compartment underneath adds further convenience to life on deck.

The stylish U-shaped sofa on the aft deck boasts comfortable seats and headrests for sitting back and relaxing. Compartments under the U-sofa's longitudinal benches and transversal bench provide ample dry storage space with easy access. This option also includes an infill cushion that can transform the U-sofa into a luxurious full-size sun bed.

AXOPAR 45 SUN TOP

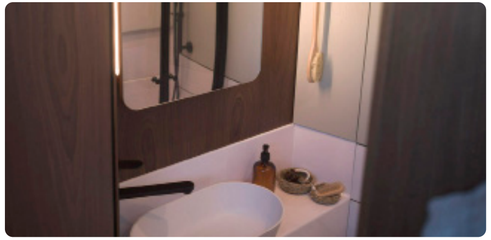

A true go-anywhere boat for unforgettable experiences on the water. The new Axopar 45 Sun Top, designed to be versatile, seamlessly fuses the joys of open air boating adventures and sheltered comfort for an unforgettable experience on the water. Enjoy the exhilarating sensation behind the wheel, then unwind in one of the spacious social areas onboard.

The Axopar 45 Sun Top is our interpretation of a perfect day spent out at sea in terms of functionality, drivability, comfort and safety. It is one of the most comprehensive and versatile boats on the market and a true go anywhere boat with confident design and performance, ideal for extended explorations and island hopping.

With a helm that is unrivaled for its modern looks, spaciousness, and open space onboard, the Axopar 45 Sun Top enables captains to navigate with confidence while keeping the passengers connected to their natural surroundings. The sporty visual dynamics are not only made for the looks but serve its owner an unmatched driving experience for a boat of its size, all while offering clear, interrupted views from all around the boat.

Lounging in style, cruising along the coast, or simply enjoying the serenity of the open water - your desires set the course for the perfect experience. Whether you choose to host sun-drenched gatherings with friends or enjoyable barbeque feasts under the evening sky, the extensive sociable spaces onboard the Sun Top are tailor-made for unforgettable moments of leisure and fun.

AXOPAR 45 CROSS TOP

The Axopar 45 Cross Top is a hybrid between the Sun Top and Cross Cabin models, with a selection of the best properties of open and enclosed boating.

The Cross Top's negative-angle wraparound windshield protects against wind, rain, and glare while offering all-around visibility and improved navigation capabilities – an ultimate choice for professionals and seasoned adventurers.

With its unparalleled drivability and unique features onboard, you have more reasons than ever to head out longer and explore further – whatever the weather. The boat's renowned hydrodynamics, not only in terms of fuel efficiency but also in ride dynamics, gets you the sporty feel of a much smaller boat.

The layout of the boat is designed with the social spaces in focus. Its modular nature allows for easy customization and versatility of space for this type of boat, accommodating various activities and preferences. From casual day trips to longer journeys, the Cross Top offer the flexibility to adapt to all kinds of adventures.

Axopar 45 XC Cross Cabin

General: Hand laminated hull in GRP with vinyl ester resin for the first coat for osmosis prevention. Vacuum infused stringers and 45° Twin-stepped hull with sharp entry bow, bow thruster, and integrated engine brackets with 3x Mercury V8 300hp outboard engines mounted. Trim tabs and underwater lights on transom. Axopar 3D signature chrome logo and openable balcony doors on both sides of hull. Hand laminated self draining walk around deck with anti-skid finishing and deck lights.
All hardware, pulpits, side rails, high handled bathing ladder, telescopic bathing ladder, locks, hinges, filler caps, 8x cleats and cockpit grab rail in 316 stainless steel. Hooking points for safety harness and 2 large fender storages on the open aft deck and battery / electrical compartment underneath. Shower on aft deck. LED navigation lights in bow. Anchor hatch with dual shore power inlets connected to battery charger. Sofa on fore deck in Silvertex Petrol with Seine piping upholstery and harbor cover. 3x starting batteries, 1x bow thruster battery, 4x service batteries included. Complete boat in Axopar white gelcoat.

Front Cabin: Elegant wish (or Travel Package Luna Cement) upholstered mattresses and cushions, interior panels in Ash Wood, stairs in dark grey colored wood. Queen sized bed which when flipped up transforms the separated sofas into a U-sofa (or Travel Package fixed bed). Roof and wall panels in light felt material, cabin upholstery in Elegant wish. Two wall mounted speakers. Gullwing door. Wardrobe, two shoe lockers, recessed LED roof lights, reading lights and ambient lightning. Floor carpet. Fire and CO2 alarms. Separate bathroom with toilet, cabinets, mirror cabinet, sink and faucet – separate shower space. Freshwater systems is included.

Helm: Clean helm layout with control switch panel in glass with illuminated push switches. Simrad 2x12” glass bridge display. Intelligent steering module (ISM) steering wheel in leather with integrated controls for audio, trim tabs and bow thruster. Integrated windscreen wipers with separate reservoir. Lockable access hatch to front cabin with grab rail in leather. Fire and CO2 alarms.

Cockpit (XT/ST): Dual electrically operated double-layer canvas roofs with harbor covers. Upholstery in Silvertex Petrol with Seine piping. Foldable light mast in white painted aluminum with anchor light. Pilot and two co-pilots seats with flip-up bolsters and swivel base with two large drawers and remote battery switches in seat base. Wide aft sofa with storage units. Wetbar with sink and faucet and a 65l drawer refrigerator. Upholstered, aft-facing sofa around wetbar. Wide, foldable hi-lo table between aft bench and wetbar. Recessed led roof lights and hidden speakers.

Pilothouse (XC): Fully enclosed cabin with dual sliding doors that opens in two directions on both sides and dual electrically operated double-layer canvas roofs with harbor covers. Upholstery in Silvertex Petrol with Seine piping. Foldable light mast in white painted aluminium with anchor light. Pilot and 2 co-pilots seats with flip-up bolsters, drawers and remote battery switches in seatbase. U-shaped lounge sofa with foldable, rotatable and movable table. Sliding wetbar including a sink with faucet and a 65l refrigerator. Recessed led roof lights, ambient LED lights, and 4x hidden speakers.

AXOPAR

BRABUS TRIM LINE PACKAGE

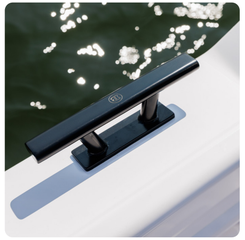

For All Axopar Ranges

If you're style-conscious and want your Axopar to stand out even more, the BRABUS Trim Line gives you the chance to further define and elevate the look and feel of your boat. Subtle yet distinct trim enhancements and carefully crafted details inside and out give your boat a unique character.

Striking details like the BRABUS Line logo around the boat make your boat's identity unmistakable, while design accents like black cleats, handrails, rubrail, mast, roof pillars, and window frames create a bold, uniform look. Premium touches such as the black leather BRABUS steering wheel and upholstery badges complete the package.

With the optional Brabus Line Color Edition you can furthermore choose between four more hull color options: the vibrant and playful Miami Blue, the more subtle and sophisticated Platinum Grey and additionally the two new colors Glacier Blue and Pearl White. These duo-tone color options combine colored areas with uncolored sections in standard white finish, giving the boat a dynamic and distinctive look.

BRABUS PERFORMANCE LINE PACKAGE

For All Axopar Ranges

This is a much sought-after upgrade that redefines both performance and style. The premium option delivers a dynamic combination of enhanced aesthetics, boosted performance and powerful engines.

- Single Mercury Verado V8 250hp on Axopar 22
- Single Mercury Verado V8 300hp on Axopar 25
- Twin Mercury Verado V8 250hp on Axopar 29
- Twin Mercury Verado V10 425hp on Axopar 37
- Twin Mercury Verado V10 425hp on Axopar 38
- Triple Mercury Verado V10 350hp on Axopar 45

ICONIC EDITION

For The Axopar 37 Range

This special edition celebrates the legendary status of the Axopar 37 and offers enhanced features and new color options. It exemplifies our commitment to innovation and excellence.

All Axopar 37s can be equipped with the new Iconic Edition package, which is offered free of charge. The Iconic Edition features the ever-so-popular BRABUS Line, offering refined interior and exterior styling enhancements with subtle yet distinctive design details.

You can take it further by choosing your favorite hull color: the beloved Miami Blue and Platinum Grey, or two striking new shades from the BRABUS Marine lineup, Glacier Blue and Icon Grey. Show your personality with your choice of upholstery, selecting from Silvertex Petrol with Seine PE Steel accents, Silvertex Hunter with Seine PE Sage accents or Silvertex Squash with Seine PE Corn accents, perfectly matching your adventurous spirit. We're also sweetening the deal with the widely popular black Roof Racks and the Electric Sliding Roof, making it even easier to bring your favorite gear along on every adventure.

MEDITERRANA EDITION

For All Axopar Ranges

Inspired by a laid-back Mediterranean spirit and a love for lounging and socializing onboard, the Mediterrana Edition brings elegance and comfort to every Axopar model.

You can fully enjoy your boat's perfectly designed layout, now enhanced with relaxed, sophisticated styling and plush, refined interiors. The upholstery features exclusive, subtle detailing with accentuated patterns and a structured feel of marine fabrics, complemented by contrast-colored pillows and piping. These materials help keep your interior and lounging areas comfortably cool, even on the warmest summer days.

AVAILABLE COLOR CONFIGURATIONS

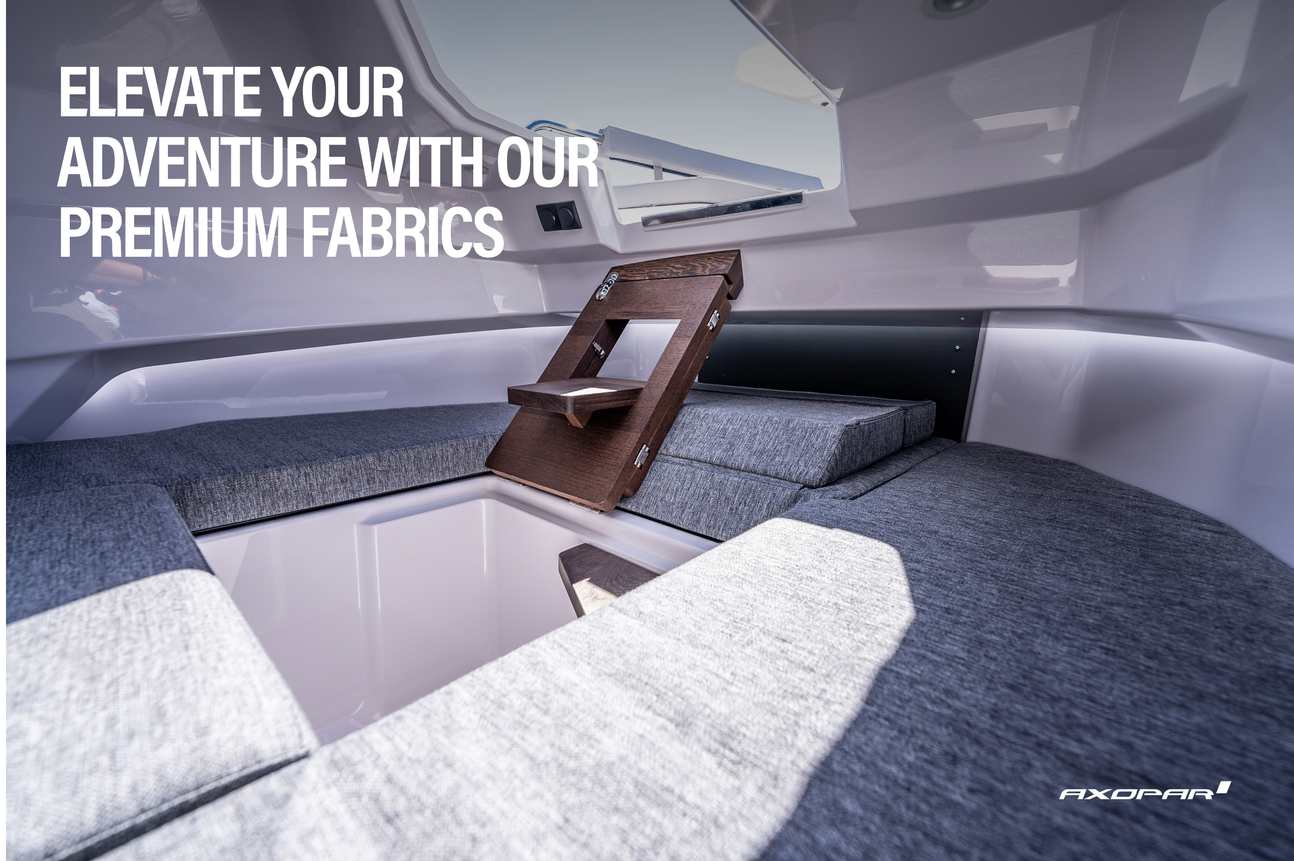

Elevate your onboard experience with a curated selection of premium fabrics, tailored to reflect your lifestyle, your taste, and your thirst for adventure at sea.

At Axopar, we believe that every journey should reflect the individuality of its captain. Our boats are designed with a modular approach, allowing you to customize various elements to suit your personal style and functional needs. From the helm to the aft deck, every detail is an opportunity to express your unique vision.

MARINE INDUSTRY CUSTOMER CSI AWARD

Axopar Boats won the 2024 Marine Industry Customer Satisfaction Index (CSI) Award, for excellence in customer satisfaction, and was also awarded this title in 2023, 2022, 2021 and 2019. Axopar is the only European boat manufacturer that was awarded the achievement now for the fifth time since 2019.

The CSI Awards honor boat and engine manufacturers who actively measure customer satisfaction and pursue continuous improvement. The award is an independently-measured standard of excellence of 90 percent or higher in customer satisfaction over each year, surveying over 175,000 customers.

OUR GLOBAL PRESENCE

THE ADVENTURE COMPANY

We have fun achieving things that bring us forward. Looking from different perspectives, we gain such a deep understanding that we can make the most complex things work, with common sense and a hands-on-attitude. We enjoy being the forerunner, committed to continuous innovation.

Since 2014, Axopar Boats has grown to become one of Europe's top ten powerboat producers and is comfortably regarded as the biggest boat producer in the Nordic countries. As a privately owned company, Axopar is amongst the most financially stable companies in the leisure boating market.

Today, the Group's turnover is over 190 million euros and it employs roughly 1200 people. The company has always stood without any debt and is officially listed by the Financial Times as one of the fastest-growing European companies. Year by year, Axopar develops sales in existing markets with more than 6,500 boats built through a network of plus 100 dealers in more than 50 countries.

FLITE AIR X AXOPAR

Flite is a global leader in electric hydrofoiling, known for engineering high-performance eFoil boards that combine advanced technology with intuitive design. With a focus on innovation, precision engineering, and rider experience, Flite has played a key role in expanding electric hydrofoiling to a wider audience.

In 2026, Axopar and Flite introduced a collaboration that combines Axopar's adventure mindset with Flite's eFoil technology. The result is the Flite AIR x Axopar — a purpose-built board designed for boating life, with a compact, stable, and buoyant construction suited for different skill levels. Developed with durable materials and boating-focused features, it enables exploration beyond the boat and adds a new dimension to time on the water.

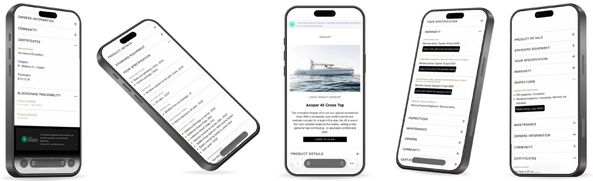

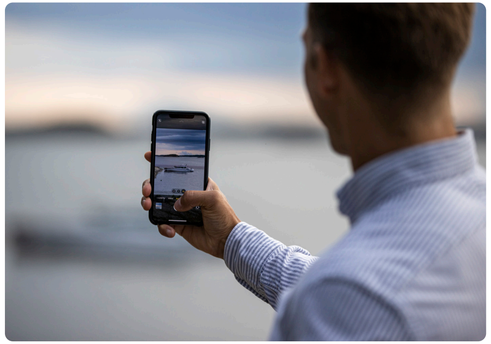

AXOPAR X AURA BLOCKCHAIN CONSORTIUM

Axopar partneres with Aura Blockchain Consortium, a leader in digital product identities, to introduce a Digital Product Passport for our boats, giving each vessel a secure and verifiable digital identity. Founded by leading brands in the luxury segment, Aura develops blockchain-based solutions that enable authenticity, traceability, and transparency across the product lifecycle.

The Digital Product Passport provides owners with clear insight into a boat's history and lifecycle throughout ownership. As the first boat builder to join the consortium, Axopar brings a new level of digital trust to boating, supporting long-term ownership value and ensuring reliable, verifiable product information.

EXPLORE THE AXOPAR CONNECT APPLICATION

Start your smart adventure. Connect your Axopar boat and explore the world. We take you there.

The new mobile application creates a digital bridge between owners and their boats, offering live data, remote access to key systems, trip analytics, and personalized tools to enrich every moment on board. It supports safer, more informed boating and delivers an unprecedented level of transparency and interaction with your vessel — whether you're at the helm or miles away.

THE ADVENTURE BOATING COMPANY

Axopar, the adventure boating company, is one of the fastest-growing boat brands in the world. Built on the “One Boat, One World” philosophy, Axopar creates versatile, multifunctional boats designed to be enjoyed by more people, in more places, and for more adventures.

Driven by continuous innovation, Axopar listens closely to its global community of Axoparians, sharing the same passion for life on the water and respect for nature. The company’s mission is to open new perspectives by bringing people out on the water by creating boats that challenge conventions and make waves in the boating industry.
